F. M. JOHNSON.

SCHOOL BOARD REPORT

Required annual report of school board to district, stating amount of money needed for support of schools and for statutory requirements (see Laws of 1919, 106:21.)

1. Amount of money required by law (\$3.50 on each \$1,000 of the 1920 inventory.)

2. Statement in detail of the additional amount of money required for the support of schools, and payment of statutory obligations for the ensuing fiscal year.

	Elementary Schools	High School
I. Budget (School Money)		
(a) For support of schools (This is school money and may be used for maintaining schools including the purchase of fuel and other supplies, the transportation of pupils and incidental repairs not exceeding 5 per cent of school money)	\$3,737 00	
(b) For purchase of textbook and scholars' supplies	175 00	
(c) For the purchase of flags and appurtenances	15 00	
(d) For the payment of tuitions at high schools and academies		\$800 00
(f) Estimate of amount of a \$5 tax on the 1920 inventory	2,300 00	
II. Requirements to Meet Budget		
(a) For support of elementary schools (If the amount required for elementary schools is more than the amount of a \$5 tax—the amount of the \$5 tax should be reported—otherwise the amount required)		2,300 00
(b) For support of high school or payment of high school tuitions (Ordinarily districts that support a high school do not pay tuitions. Both items might be required)		800 00
Total for support of all schools (school money)		3,100 00
III. School board report of assessment required		
(1) For the support of schools and the purchase of required books, supplies and flags, and the payment of high school tuitions		4,727 00
(2) For the payment of the per capita tax (statutory)		160 00
(3) For the payment of debt (statutory)		136 16

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Monroe:

I am presenting for your consideration a brief report on school conditions in Monroe.

The new school law and its application to local conditions has been the cause of many questions. I am giving a few facts about its application to this district. Undoubtedly it will be of great assistance not only in lessening the financial burden of rural towns but also in setting up high standards of scholarship, of qualifications for teachers and of schoolhouse construction and equipment.

After a town has raised for elementary schools a tax of \$5 per \$1,000 of assessed valuation, the state furnishes the balance from the state equalization fund. The \$5 tax and the State aid may be used to pay teachers' salaries and other expenses of instruction, to pay for janitor service and supplies, for text-books and pupils' supplies, fuel, flags and appurtenances, transportation of elementary pupils, payment of elementary tuition, and for the supervision of the health of the public school children. Five per cent of this amount may be used for minor repairs and for the replacement of furniture and other equipment. In Monroe this year the State is likely to furnish some \$700 for the above purposes.

Besides the \$5 tax, special appropriations must be raised for high school tuition, officers' salaries and expenses, new equipment, debt and interest charges, the \$2 per capita State tax, and building and remodeling schoolhouses.

There are certain other prerequisites for State aid besides raising the \$5 tax. The books of the district must show no debt at the beginning of the fiscal year, September 1, 1919. Monroe has a debt of \$136.16 which must be specially appropriated at the school meeting this spring. The regular appropriations

made at the March meeting are not legally available for use until September 1, following.

Again, the State has made a list of minimum requirements concerning schoolhouses as to light, heat, ventilation, toilets, etc. Not one building in Town fulfills these minimum essentials at present and it is understood that additional requirements will be made next year. Many of these changes involve but little expense, but must be done before the district gets State aid. The State has announced that a progressive policy of schoolhouse repair whereby one building per year was put in perfect condition will be acceptable. I suggest, then, that the district raise sufficient money to put the North Monroe schoolhouse in good repair the coming year. To do this will take a considerable appropriation, as the main school room in is bad shape.

With the exception of very poor attendance on the part of a few pupils, the work of the schools has been satisfactory. The schools in town are quite competent at present to give adequate instruction through the eighth grade and it is not economy to pay the tuition of pupils to get this grade of work elsewhere.

I am grateful to all who have been associated with me for the pleasant relations which have prevailed during the year.

Respectfully submitted,

NORMAN J. PAGE.
